

Promote your product or event with a hosted email blast!

If you would like to reach the global ISB membership, consider sending a hosted double bass-focused email blast to over 4,000 email addresses. Product or activity advertised must be related to the double bass or other musical instrument, product or accessory.

Just send your copy (250 words, subject to approval) and up to two jpg or png images and the ISB will do the rest. You'll see a proof copy before it goes out and be able to schedule the email blast date and time (5 working days' notice required and not all days may be available).

New! Your hosted email blast now includes a post on the ISB's Facebook page, with over 16,000 followers, and Instagram platforms.

- \$750 for commercial businesses
- \$500 for not-for-profit organization
- \$250 for ISB members promoting the release of a new CD, DVD, book, etc., or the launch of a self-funding campaign for their dream project. Must have been an ISB member in good standing for the 12 continuous months leading up to and including the scheduled date of the email blast.
- Announcement for job opportunities must include a clear and upfront disclosure of mandatory qualifications and eligibility criteria.

Contact the ISB office for more information, info@ISBworldoffice.com.
